dAPP Controls

digital automation partner platform

YOUR AUTOMATION PARTNER DIGITAL. CLEAR. SIMPLE.

Using intelligent sensors, digital integration, & proven components, we provide data-driven solutions to save you time & money!

What We Do?

After applying our sensible approach of utilizing readily available components, we are able to digitally integrate sophisticated instrumentation while providing a simple user interface to make life easier!

Who We Are?

With over 35 years of experience in the industrial automation industry and establishing UL 508A panel shops both domestically & internationally - we have obtained many great connections which have fostered into even better partnerships!

Our Services

Control Panel Assembly

We provide high-quality panel assembly backed by further testing and automation to fit your needs.

Automation Services

We offer programming in several platforms along with electrical/control design reviews and documentation generation.

Product Development

We develop our own products where we see market demands along with partnering with others to build great solutions together!
